Handbell Handle Inscriptions \$2.50 each

Handbell handle inscriptions are a popular way to acknowledge memorial or other designated gifts. The handle inscription is offered exclusively by Malmark.

Each inscription is printed in script on gold leaf paper and may include up to three lines with 30 characters or spaces per line. It is placed inside the clear sleeve of the handle in place where you can see it, but you cannot touch it and you cannot wear it off.

The message is visible to all so the gift can be seen for generations.
